About Us

Freedom Network USA (FNUSA) mobilizes its collective strength to build a transformative approach to human trafficking that is grounded in anti-racism and anti-oppression.

We envision an anti-trafficking movement where survivors have what they need to thrive, including access to holistic services that are available to all, and all advocates are committed to dismantling harmful systems that create vulnerability.

About the Conference

For over 20 years, Freedom Network USA (FNUSA) has convened the largest and longest-running anti-trafficking conference in the United States. Each year, hundreds of service providers, advocates, policymakers, and survivors gather to share expertise and strategies for advancing human rights and equity for survivors of human trafficking.

We are excited to convene in Washington, D.C., March 31 & April 1, 2027, for two days of learning, collaboration, and community building.
