About FNUSA

Freedom Network USA is a national alliance of experienced advocates working with survivors of human trafficking to ensure that trafficked persons have access to justice, safety, and opportunity. The network is comprised of legal and social service providers, researchers, advocacy organizations and expert consultants. Our perspective is derived from the geographic scope and diversity of expertise our members bring from working with survivors of trafficking in all forms of labor. Freedom Network USA uses this expertise to engage in advocacy work nationwide, provide training and technical assistance, and increase the capacity of its members. We are uniquely committed to a human rights- based approach to addressing human trafficking in the United States.

Membership

Organizations and individual experts are headquartered in 19 states and 34 cities

About the Event

The conference will take place on March 20-21, 2019 at the Hilton Alexandria Mark Center in Alexandria, VA.

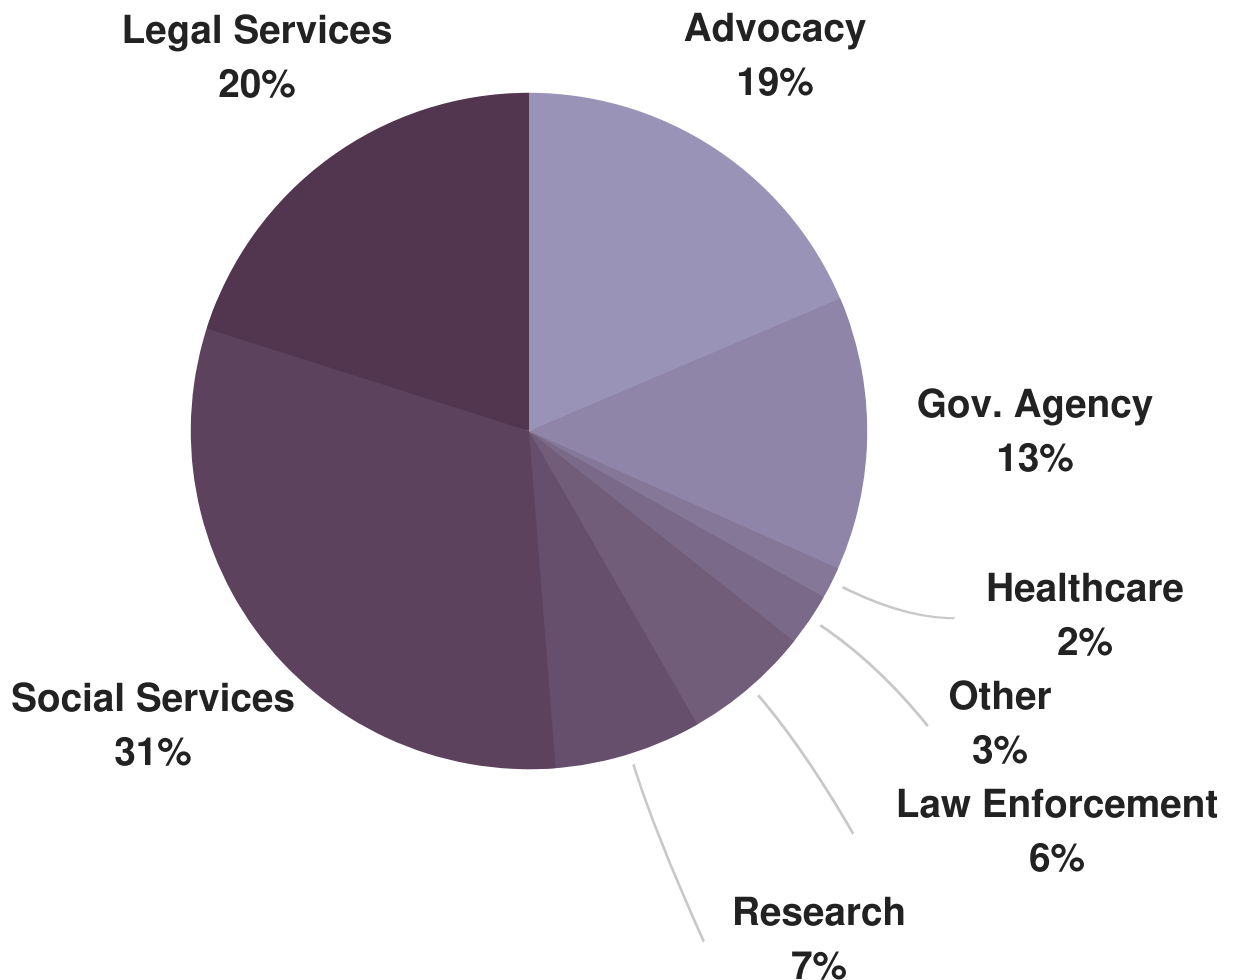

This conference is a fantastic opportunity to reach hundreds of social service providers, legal service providers, and professionals working throughout the criminal justice system. This two-day event will bring together multidisciplinary experts to discuss trends, challenges, and new ways to collaborate to address human trafficking in the United States.

Exhibitors onsite will have access to senior staff working in the anti-trafficking movement. Attendees are decision-makers within their organizations and work collaboratively on the ground with others in their own communities. Space is limited - which creates an ideal environment for participants to influence attendees.
