## **2020 Freedom Network Human Trafficking Conference Sponsor & Exhibitor Information March 18 & 19, 2020**

Freedom Network USA is proud to announce sponsor and exhibitor opportunities for our upcoming conference,  *Holding Space: Innovation & Values in Anti-Trafficking Work* . This is an exclusive opportunity to connect with human trafficking providers or affirm your organization's commitment to end labor and sex trafficking in the US.

### **About Us**

Freedom Network USA is the nation's largest alliance of experienced advocates working with survivors of human trafficking to ensure that trafficked persons have access to justice, safety, and opportunity. The network is comprised of trafficking survivors, legal and social service providers, researchers, advocacy organizations and expert consultants. Our perspective is derived from the geographic scope and diversity of expertise our members bring from working with survivors of both labor and sex trafficking. Freedom Network USA uses this expertise to engage in advocacy work nationwide, provide training and technical assistance, and increase the capacity of its members. We are uniquely committed to a human rights-based approach to addressing human trafficking in the US.

### **About the Event**

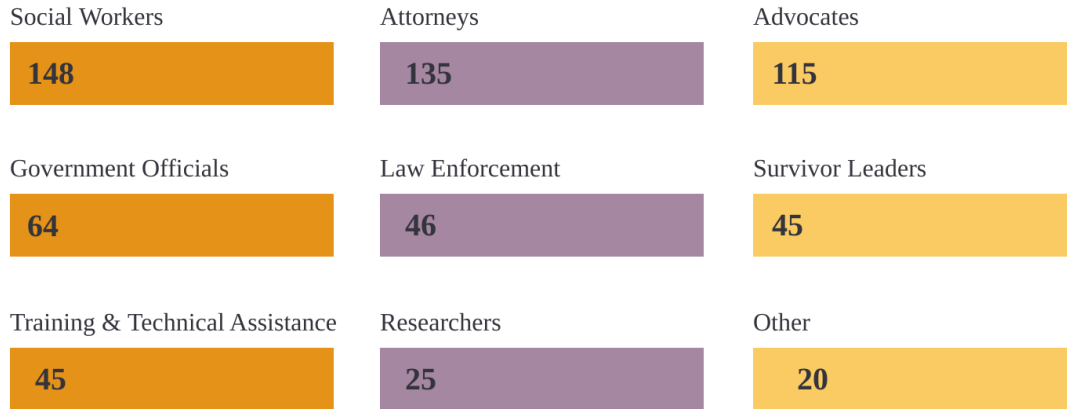

Freedom Network USA's Human Trafficking Conference is the largest and longest running anti-trafficking conference in the country. For 18 years, this event has gathered multidisciplinary experts and advocates to discuss trends, challenges, and find new ways to collaborate to address human trafficking in the US.

This year marks the 20<sup>th</sup> anniversary of the passage of the Trafficking Victims Protection Act, giving sponsors and exhibitors a unique opportunity to highlight their commitment to anti-trafficking work. It is a fantastic opportunity to reach over 700 social service providers, legal service providers, and professionals working throughout the criminal justice system. Participants are eager to learn ways to strengthen their services and connect with others engaged in the work.

Exhibitors will have access to senior staff working in the anti-trafficking movement. Attendees are decision-makers within their organizations and work collaboratively on the ground with others in their own communities. Space is limited - which creates an ideal environment for participants to influence attendees.
