RE: Cancellation of Freedom Network USA Human Trafficking Conference

Thank you for registering for this year's Freedom Network Conference scheduled for March 18-19, 2020. Unfortunately, as a result of the new coronavirus (COVID-19) we have experienced a significant number of cancellations from speakers and attendees. Florida's governor has declared a public health emergency, and the virus is continuing to spread. This has made it impossible to host the event. **Therefore, we have cancelled the conference.** I know this is an inconvenience and I apologize for any impact this has had on you. Please let me know if you have any questions or concerns.

Best wishes,

Jean Bruggeman
Executive Director
Freedom Network USA
