Secretary  
U.S. Department of Health and Human Services  
200 Independence Avenue, S.W.  
Washington, D.C. 20201

**RE: REQUEST TO RESTORE ACA ACCESS FOR DACA RECIPIENTS IN LIGHT OF COVID-19**

Dear Secretary Azar:

The 284 undersigned national, state, and local organizations in the areas of immigration, health, civil rights, human rights, labor, faith, and education respectfully request that you direct the U.S. Department of Health and Human Services (HHS) to restore access to benefits under the Patient Protection and Affordable Care Act (ACA) for Deferred Action for Childhood Arrivals (DACA) recipients in light of the COVID-19 pandemic. Access to COVID-19 testing and treatment for DACA recipients and their U.S. citizen children is absolutely critical during this pandemic, particularly for the 27,000 DACA recipients employed as healthcare practitioners and supporting occupations on the front lines of responding to COVID-19.<sup>1</sup> Specifically, we request that you direct HHS to issue a Notice of Proposed Rule Making (NPRM) that would repeal 45 C.F.R. § 152.2(8), which excludes DACA recipients from the definition of “lawfully present” and, consequently, benefits under the ACA.<sup>2</sup> As a result of the regulation, DACA recipients cannot: (a) generally obtain comprehensive health insurance under Medicaid or CHIP in their state; (b) purchase health insurance in the ACA’s health insurance marketplace, even at full cost using their own funds; and (c) obtain federal tax credits to make private health insurance affordable (even though DACA recipients still file and pay federal taxes) in the marketplace.

Under DACA, immigrant youth with long-term residency in the United States who satisfy a strict set of criminal background and educational criteria are eligible for employment authorization and protection from deportation.<sup>3</sup> Rescission of the regulation, originally implemented under the Obama administration, would restore access to the ACA for approximately 650,000 current DACA recipients and would ultimately benefit a total of 1.7 million if DACA resumes in the

<sup>2</sup> The language in question reads as follows: “An individual with deferred action under the Department of Homeland Security’s deferred action for childhood arrivals process, as described in the Secretary of Homeland Security’s June 15, 2012, memorandum, shall not be considered to be lawfully present . . .” 45 C.F.R. § 152.2(8) (2012).

future.<sup>4</sup> The regulation unnecessarily excludes a significant pool of young, healthy adults—the exact type of participants that Congress sought to encourage to participate in the ACA—in the midst of a global pandemic. The regulation promotes worse health outcomes for DACA recipients and their families by foreclosing access to health care, including unsubsidized purchases on health care exchanges, and creates counterproductive barriers to COVID-19 testing and treatment.

In furtherance of this administration’s commitment to reduce regulatory burden and expand access to health care, we ask that you undo this misguided regulation. Thank you for your consideration of this request. If you have any questions, please contact Jose Magaña-Salgado at (480) 678-0040 or at [jose@masadc.com](mailto:jose@masadc.com).

Sincerely,
